H: 131 Articles in-progress  
I: 2 Project Reports in-progress  
J: 7 Technical Reports in-progress  
K: 12 Dissertations in-progress  
L: 17 Abstracts submitted
A. Peer-Reviewed Journal Articles (Total = 409)

94. Siahpush, M., Yong, H.H., Borland, R., Reid, J., Hammond, D. (2009). Smokers with financial stress are more likely to want to quit but less likely to try or succeed: Findings from the International Tobacco Control (ITC) Four Country Survey. *Addiction*, 104(8), 1382-1390.

B. Books/Chapters (Total = 4)

C. Project Reports (Total = 61)

   [http://www.itcproject.org/files/Gifford_et_al._2009._Recent_actions_by_M%C4%81ori_politicians_and_health_advocates_for_a_tobacco-free_Aotearoa_New_Zealand,_A_brief_review.pdf](http://www.itcproject.org/files/Gifford_et_al._2009._Recent_actions_by_M%C4%81ori_politicians_and_health_advocates_for_a_tobacco-free_Aotearoa_New_Zealand,_A_brief_review.pdf)

12. ITC Project. (2009, October). *ITC Mexico Survey Summary*. University of Waterloo, Waterloo, Ontario, Canada; Instituto Nacional de Salud Publica, Cuernavaca, Mexico; and University of South Carolina, Columbia, South Carolina, United States.

18. ITC Project. (2010, May). *ITC Uruguay Survey Summary*. University of Waterloo, Waterloo, Ontario, Canada; Universidad de la Republica, Montevideo, Uruguay; Centro de Investigacion para la Epidemia del Tabaquismo, Montevideo, Uruguay; and University of South Carolina, Columbia, South Carolina, United States. 

http://www.itcproject.org/resources/view/2021

40. ITC Project. (2013, May). *ITC Brazil Report on Tobacco Advertising, Promotion, and Sponsorship*. University of Waterloo, Waterloo, Ontario, Canada; Brazilian Ministry of Health, National Cancer Institute of Brazil (INCa); Brazil Ministry of Justice, National Secretariat for Drug Policy (SENA); Brazilian Cancer Foundation; Brazil Alliance for the Control of Tobacco Use (ACTbr); and Oswaldo Cruz Foundation (Fiocruz), Centre for Studies on Tobacco and Health (CETAB), Brazil. 

46. ITC Project. (2014, May). *ITC Brazil Project Report: Findings from the Wave 1 and 2 Surveys (2009-2013)*. University of Waterloo, Waterloo, Ontario, Canada; Brazilian Ministry of Health; National Cancer Institute José Alencar Gomes da Silva (INCA); Brazilian Ministry of Justice, National Secretariat for Drug Policy (SENAD); Brazilian Cancer Foundation; Brazilian Tobacco Control Alliance (ACTbr); and Oswaldo Cruz Foundation (Fiocruz), Study Center on Tobacco and Health (CETAB), Brazil.

48. ITC Project. (2014, May). *ITC Brazil Project Report: Findings from the Wave 1 and 2 Surveys (2009-2013) Executive Summary*. University of Waterloo, Waterloo, Ontario, Canada; Brazilian Ministry of Health; National Cancer Institute José Alencar Gomes da Silva (INCA); Brazilian Ministry of Justice, National Secretariat for Drug Policy (SENAD); Brazilian Cancer Foundation; Brazilian Tobacco Control Alliance (ACTbr); and Oswaldo Cruz Foundation (Fiocruz), Study Center on Tobacco and Health (CETAB), Brazil.

D. Technical Reports (Total = 50)

19. ITC Project. (2011, September). *ITC Four Country Waves 2 to 8 (2003-2011) Technical Report*. University of Waterloo, Waterloo, Ontario, Canada; Medical University of South Carolina, Charleston, South Carolina, United States; VicHealth Centre for Tobacco Control, Carlton, Australia; Cancer Control Victoria, Melbourne, Australia; King’s College London, London, United Kingdom; University of Stirling, Stirling, United Kingdom; and the Open University, Buckinghamshire, United Kingdom.  

E. Contributions to Major Reports (Total = 7)

4. Fong, G.T. (2011). Contributed to the UK Parliament All-Party Parliamentary Group Inquiry Into Smoking in Cars in Private Vehicles by writing a background paper that was included in the Report describing: (a) our research documenting the extremely high levels of tobacco smoke in cars after smoking just one cigarette, even during commonly used strategies by smokers to reduce the smoke, (b) ITC research in Canada and the UK showing the very high level of support (>80%) for bans on smoking in cars with children among smokers themselves: Fong, G.T., & Hitchman, S.C. (2011, November). Levels of exposure to smoke in cars and the Canadian experience. In Inquiry into smoking in private vehicles. All Party Parliamentary Group on Smoking and Health, UK Parliament.

6. Fong, G.T. (2012). Discussant and contributor to Reducing Tobacco-Related Cancer Incidence and Mortality, Report of the National Cancer Policy Forum of the U.S. Institute of Medicine. Participated in the two-day public workshop in Washington, District of Columbia, which addressed the current obstacles to stemming tobacco use, and potential policy, outreach, and treatment strategies that could overcome these obstacles. Report was published by the National Academy of Sciences Press.

F. Dissertations (Total = 25)

8. Li, X. (2009). *Epidemiology study on smoking-related behaviour of different groups of people*. China Medical University at Shenyang (China), Ph.D.

9. Elton-Marshall, T. (2010). *Sensory beliefs about “light” and “low-tar” cigarettes and one’s own brand of cigarettes influences the beliefs that “light” and “low-tar” cigarettes and one’s own brand is less harmful: Evidence from Canada, the United States, the United Kingdom, Australia, and China*. University of Waterloo, Department of Psychology, Ph.D.

13. Nagelhout, G.E. (2012). *It has been done elsewhere, it can be done everywhere. Impact of smoke-free legislation on smoking*. Maastricht University (The Netherlands), School for Public Health and Primary Care (CAPHRI), Department of Health Promotion. Ph.D.

16. Sansone, G.C. (2014). *Acceptability of female smoking and smokeless tobacco use in Bangladesh and India*. University of Waterloo, Department of Psychology, Ph.D.

17. Sansone, N. (2014). *Perceived risk of tobacco products among adult tobacco users in Bangladesh and India*. University of Waterloo, Department of Psychology, Ph.D.

23. Casado, L. (2016). *Avaliação dos serviços de tratamento de fumantes e determinação dos fatores associados à cessação do tabagismo*. Instituto Nacional de Câncer José Alencar Gomes da Silva, Department of Oncology, Ph.D.

**G. Presentations (Total = 961)**

**a) Invited Presentations (Total = 167)**

3. Fong, G.T. (2003, November). *Clearing the smoke: How behavioural research is playing a leading role in the fight to prevent the future global tobacco epidemic*. Invited presentation at the Annual Arts Lecture, University of Waterloo, Waterloo, Ontario, Canada.

45. Fong, G.T. (2007, October). *The comprehensive smoke-free law in Ireland: Building the law and evaluating its impact—Findings from the ITC Ireland and Scotland Surveys.* Invited plenary presentation at the 8th Asia Pacific Association for the Control of Tobacco, Taipei, Taiwan.

63. Fong, G.T. (2009, March). *Evaluating FCTC policies and addressing whether they are closing the equity gap: The International Tobacco Control Policy Evaluation Project*. Invited presentation at the 14th World Conference on Tobacco or Health, Mumbai, India.

70. Fong, G.T. (2009, October). *Smoke-free laws: Findings and conclusions from the ITC Project*. Invited plenary presentation at the 2nd Society for Research on Nicotine and Tobacco and InterAmerican Heart Foundation Latin American Conference on Tobacco Control, Mexico City, Mexico.

77. Wilson, N. (2010, March). *Key results from the ITC Project (New Zealand) – with a focus on inequalities and smoking.* Invited presentation at the University of Waterloo, Waterloo, Ontario, Canada.

78. Wilson, N. (2010, March). *Key results from the ITC Project (New Zealand) – with a focus on inequalities and smoking.* Invited presentation at the University of Buffalo, Buffalo, New York, United States.

85. Fong, G.T. (2010, October). *What is working? What needs to be done? The importance of research in the implementation and strengthening of the FCTC: The case of labels.* Invited plenary presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

97. Fong, G.T. (2011, November). *Thoughts on a research agenda for the new Canadian health warnings and beyond*. Invited closing plenary panel presentation at the 7th Canadian National Conference on Tobacco or Health, Toronto, Ontario, Canada.

125. Chaloupka, F. (2014, July). The economics of tobacco control - what have we learned and what do we need to know. Invited presentation at the Research Conference on Tobacco Control in Africa, Cape Town, South Africa.

129. Fong, G.T. (2014, October) *Cancer prevention research: From psychology to policy.* Invited presentation at Daulat Ram College, University of Delhi, New Delhi, India.

135. Fong, G.T. (2015, March). *The ITC Project and its linkage to monitoring systems and surveillance systems.* Invited presentation at the Pre-Conference Workshop on Surveillance, 16th World Conference on Tobacco or Health, Abu Dhabi, United Arab Emirates.

140. Fong, G.T. (2015, June). *Tobacco control at the crossroads in China: The battle between health and the tobacco industry within the world’s largest tobacco market and producer.* Invited presentation at the Annual Lecture- Behaviour and Health Research Unit, Cambridge, United Kingdom.

150. Fong, G.T. (2016, September). *ITC Project findings on the impact of tobacco control policies in China and 27 other countries…and shifting the focus of the FCTC in its second decade.* Invited presentation at the Asia Pacific Conference on Tobacco or Health, Beijing, China.

152. Fong, G.T. (2016, September). *Tobacco control progress and support for possible endgame strategies.* Invited presentation at the Canadian Tobacco Endgame Summit, Queen’s University, Kingston, Ontario, Canada.

b) Oral Presentations (Total = 402)

100. Omar, M. (2007, October). *Tak-Nak Anti-Tobacco media campaign in Malaysia: Media dialogue.* Oral presentation at the 8th Asia Pacific Association for the Control of Tobacco, Taipei, Taiwan.

102. Yong, H.H. (2007, October). *Impact of tobacco advertising policy on adult smokers’ awareness of tobacco promotion in Malaysia and Thailand: Findings from the International Tobacco Control Southeast Asia Project.* Oral presentation at the 8th Asia Pacific Association for the Control of Tobacco, Taipei, Taiwan.

146. Cummings, K. M. (February 2009). *Translating tobacco control science into practice*. Oral presentation at the National Cancer Advisory Board Tobacco Update Meeting, Bethesda, Maryland, United States.

186. Raute, L.J., Pednekar, M.S., Gupta, P.C. (2010, September). *Are the current pictorial health warnings effective? Qualitative and quantitative study findings from India.* Oral presentation at the 2nd National Conference on Tobacco or Health, Mumbai, India.

188. Awang, R. (2010, October). *Evaluating the impact of the pictorial health warnings on smokers’ knowledge, perceptions and responses: A randomized controlled trial.* Oral presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

189. Fong, G.T. (2010, October). *How effective are the FCTC policies that are being implemented and where do we need to go beyond the minimal requirements? Keeping the focus, where possible on research from the region.* Oral presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

190. Kin, F., Thompson, M.E., Yan, M., Borland, R., Nargis, N., Jiang, Y., Seo, H., Omar, M., Sirirassamee, B., Fong, G.T. (2010, October). *Changing attitudes to smoke-free legislation from the ITC project in Bangladesh, China, South Korea, SEA (Malaysia and Thailand).* Oral presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

193. Li, L. (2010, October). *The impact of point-of-sale anti-smoking advertising on adult smokers’ quitting intentions and behaviours: Findings from the ITC China Survey.* Oral presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

194. Lian, T.Y. (2010, October). *Abuse of the pack to promote cigarettes in the region.* Oral presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

195. Phunthsho, S. (2010, October). *The Bhutan ban on sales of tobacco products and associated efforts - what can it tell us about the challenges other countries would face?* Oral presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

198. Sirirassamee, T. (2010, October). *Predictors of uptake smoking among Thai youth.* Oral presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

201. Young, D., Weerasekera, D., Edwards, R., Borland, R., Wilson, N. (2010, October). *Prevalence, correlates of, and reasons for using roll-your-own tobacco (RYO) in a high RYO use country.* Oral presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

245. Sebrie, E.M. (2012, March). *ITC findings from Latin America in Mexico, Brazil, and Uruguay.* Oral presentation at the 15th World Conference on Tobacco or Health, Singapore.

265. Fong, G.T. (2013, August). *Recent findings from the ITC Project on the effectiveness of health warnings in the Asia Pacific Region.* Oral presentation at the 10th Asia Pacific Association for the Control of Tobacco, Makuhari Messe, Chiba, Japan.

337. Reich, M., Fong, G.T., Morquio, C., Suero, M. (2015, March). *Perceived risk, smoking status, quitting behaviours and maintenance of smoking cessation among Uruguayan adult smokers*. Oral presentation at the 16th World Conference on Tobacco or Health, Abu Dhabi, United Arab Emirates.

338. Borland, R., Li, L. (2015, March). Smoking cessation activities and assistance reported by smokers in 19 countries participating in the ITC Project. In Fong, G.T., (Chair), *What do multi-country studies tell us about the tobacco epidemic and smoking cessation?* Symposium conducted at the World Conference on Tobacco or Health, Abu Dhabi, United Arab Emirates.

339. Jiang, Y. (2015, March). Predictors of quitting intentions and behaviours among smokers across ITC countries with different tobacco control histories. In Fong, G.T., (Chair), *What do multi-country studies tell us about the tobacco epidemic and smoking cessation?* Symposium conducted at the World Conference on Tobacco or Health, Abu Dhabi, United Arab Emirates.

c) Poster Presentations (Total = 392)

45. Polprasert, W., Sirirassamee, B., Guest, P., Fong, G.T., Borland, R. (2007, October). *Support for banning displays of cigarettes at the point of sale in Thailand.* Poster presentation at the 8th Asia Pacific Association for the Control of Tobacco, Taipei, Taiwan.

87. Borland, R., Young, D. (2009, March). *How to translate scientific research into advocacy and policy: From smoke-free policies to tobacco regulation.* Poster presentation at the 14th World Conference on Tobacco or Health, Mumbai, India.

124. Gupta, P.C., Oswal, K. (2010, October). *Study the effectiveness of pictorial warnings on tobacco products in India.* Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

126. Yang, Y. (2010, October). *Regional differences in awareness of tobacco advertising and promotion in China: Findings from the ITC China Survey.* Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

131. Fong, G.T. (2010, October). Knowledge of the causal association between smoking and blindness in Canada, United States, United Kingdom, and Australia: Findings from the ITC Four Country Survey. Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

134. Hitchman, S.C., Fong, G.T. (2010, October). The bad with the good? The relation between gender empowerment and female-to-male cigarette smoking rates across 88 countries. Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

136. Li, L. (2010, October). The impact of point-of-sale anti-smoking advertising on adult smokers’ quitting intentions and behaviours: Findings from ITC China Survey. Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

137. Li, Q. (2010, October). Secondhand smoke exposure in some bars in five cities in China. Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

138. Mohd Samin, A.S. (2010, October). Exhaled carbon monoxide (CO) an indication for different type of cigarette smoking among Asia Pacific habitual smokers: Preliminary findings. Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

139. Oswal, K. (2010, October). Tobacco industry flouts with the pictorial warnings in India. Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

140. Raute, L.J. (2010, October). Smoking ban and indoor air quality in restaurants in Mumbai, India. Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

142. Sansone, N., Sansone, G., Fong, G.T., Yong, H.H., Sirirassamee, B. (2010, October). The role of regret in warning label impact: Longitudinal findings from the ITC Thailand Survey. Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.
143. Sirirassamee, B. (2010, October). *The impact of tobacco control policy on adolescent in Thailand over period of 3 years: Results from ITC-SEA (Thailand) 3 Wave Surveys.* Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

144. Wilson, N., Edwards, R., Thomson, G., Blakely, T., Laugesen, M. (2010, October). *A research agenda to inform a "sinking lid" to end tobacco sales in New Zealand.* Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

146. Wilson, N., Weerasekera, D., Borland, R., Edwards, R., Bullen, C., Li, J. (2010, October). *Variation in the use of a national quitline by smoker characteristics.* Poster presentation at the 9th Asia Pacific Association for the Control of Tobacco, Sydney, Australia.

156. Elton-Marshall, T., Fong, G.T., Jiang, Y., Li, Q. (2011, February). Sensory beliefs about your brand are associated with the belief that your brand is less harmful: Convergent evidence from ITC surveys in Canada and China. Poster presentation at the Society for Research on Nicotine and Tobacco Annual Meeting, Toronto, Ontario, Canada.

173. Huang, C., Thompson, M.E. (2011, June). *Accounting for measurement difference across countries in international surveys*. Poster presentation at the International Total Survey Error Workshop, Quebec City, Quebec, Canada.

181. Sansone, G.C. (2011, November). *The role of civil society in the development and implementation of the FCTC*. Poster presentation at the 7th Canadian National Conference on Tobacco or Health, Toronto, Ontario, Canada.

190. Caleyachetty, A., Lewis, S., McNeill, A., Leonardi-Bee, J. (2012, March). Why are smokers with financial difficulties less likely to successfully quit over time? Poster presentation at the 15th World Conference on Tobacco or Health, Singapore.

210. Nagelhout, G.E., Willemsen, M.C., Fong, G.T., van den Putte, B., Crone, M.R., de Vries, H. (2012, March). It has been done elsewhere, it can be done everywhere: Smoking cessation and resistance after the implementation of smoke-free legislation in Dutch bars. Poster presentation at the 15th World Conference on Tobacco or Health, Singapore.

229. Yong, H.H., Borland, R., Balmford, J. (2012, March). Heaviness of Smoking Index (HSI) scores are useful for predicting short-term smoking relapses but self-reported urges to smoke are more important for predicting long-term relapses: Findings from the ITC Four-Country Survey. Poster presentation at the 15th World Conference on Tobacco or Health, Singapore.

266. Li, Q., Fong, G.T., Quah, A.C.K., Jiang, Y., Wu, C. (2013, August). Beliefs about “high grade” cigarettes among smokers in seven cities in China: Findings from the ITC China Survey. Poster presentation at the 10th Asia Pacific Association for the Control of Tobacco, Makuhari Messe, Chiba, Japan.

283. Cornelius, M.E., Cummings, K.M., Driezen, P., Carpenter, C.M. (2013, October). *Examining the effects of smoking cessation counseling on quit attempts and quitting.* Poster presentation at the American Association for Cancer Research, Boston, Massachusetts, United States.

346. Reich, M., Fong, G.T., Morquio, C., Suero, M. (2015, March). Perceived risk, smoking status, quitting behaviours and maintenance of smoking cessation among Uruguayan adult smokers. Poster presentation at the 16th World Conference on Tobacco or Health, Abu Dhabi, United Arab Emirates.

H. Articles in-progress (Total = 131)

1. Abraham, S., Thompson, M.E., Meng, G., Fong, G.T. Impacts of socioeconomic status and information access on Canadian smokers’ response to graphic warnings.

5. Benmarhnia, T., & Chyderiotis, S, & Others TBD. Use of a difference-in-differences method to evaluate the impact of the French smoking ban policy on behaviour outcomes.

6. Borland, R., Murray, K., Fong, G.T., Gravely, S., McNeill, A. What should we consider to be dual use of vapourisers and cigarettes, and what is incidental use of the other form?

21. Choi, K., El-Touky, S. Exposure to price promotions, smoking-related beliefs and behaviours: findings from the ITC LMIC Surveys.

23. Chung-Hall, J. et al. Canadian smokers’ support for policies to end the tobacco epidemic.

25. Chung Kai Chan, G., Hall, W., Borland, R., Yong, H.H., Gartner, C., Morphett, K., Leung, J. What factors predict initiation, experimentation, persistence and remission of vaping?

26. Curti, D., Quah, A.C.K., Shang, C., Fong, G.T., Chaloupka, F., de Abreu Perez, C. Price gaps between Brazil and Uruguay and tobacco use.

27. Demjen, T., Kiss, J., & Piroska Kovacs, A. The purchase sources and price paid of tobacco products: effective tobacco control policies for restrictions on availability.

37. Fernandez, E., Fu, M., & Tigova, O. Do European smokers opt for smoke-free homes and cars?

38. Figueiredo, V. Perceptions of smoothness and harmfulness from flavoured cigarettes among adult smokers.

40. Fleischer, N.L., & Lozano, P. Determining the impact of point-of-sale marketing on smoking cessation behaviour.

41. Fleischer, N.L., Thrasher, J., Fong, G.T., Meng, G. Understanding variation in point-of-sale marketing on smoking cessation behavior by socioeconomic status.

42. Forrester, T., O'Connor, R.J., Xu, S.S., Quah, A.C.K. Analysis of heavy metal exposure and smoking in the ITC Wave 5 China Biomarker dataset.

43. Fu, M., Fernandez, E., & Tigova, O. Determinants of the support of smoke-free legislation in eight European countries.

44. Girvalaki, C., & Vardavas, C. Dual users of e-cigarettes and cigarettes.

45. Girvalaki, C., & Vardavas, C. Awareness and ever use of heat-not-burn tobacco products (IQOS).

46. Goodchild, M., Nargis, N. The cigarette manufacturer's pricing strategy in Bangladesh: implications for tobacco control.
47. Gravely, S., Pednekar, M.S., Gupta, P.C., Fong, G.T., Bansal-Travers, M. Health knowledge and perception of risk among Indian tobacco users in four states of India: findings from TCP India Survey.

52. Green, A. Investigating the impact of the 2012 Canadian graphic health warning revisions on warning effectiveness.

53. Green, A. Investigating the impact of the 2012 Canadian graphic health warnings revisions on health awareness.

54. Green, A. Investigating the impact of the 2012 Canadian graphic health warning revisions on cognitive and affective mediators.

73. Kaai, S.C., Fong, G.T., Craig, L.V., Meng, G., Goma, F., Ong’ang’o, J., Ikamari, L. Menthol use, perceptions about the harmfulness of menthol cigarettes and predictors of use among smokers from 2 ITC African countries.

77. Kim, E.Y., Kim, Y., Seo, Hong Gwan, Quah, A.C.K., Fong, G.T. Change of attitudes and perceptions about smoke-free areas.

78. Kim, M.H. Cigarette advertising and promotional strategies in retail stores: results of ITC KR Waves 1-3 and KOR Wave 1 Surveys.

81. Laux, F., co-authors TBD. A direct test of the time consistency of cigarette consumption with measurement of the variation in this across social demographics.

85. Levy, D., Abrams, D.B., Yuan, Z., Lou, Y., Fong, G.T., Borland, R. The public health impact of vaporized nicotine product use by current smokers: What do we know, what do we need to know?
